

CERTIFICATE OF COMPLIANCE

RoHS, REACH, Asbestos and Mercury

RoHS

Plasidyne Eng. And Mfg., Inc. has been producing parts that are RoHS compliant for several years. RoHS Compliant means that the substances restricted by EU Directive 2002/95/EC and subsequent amendments of the European Parliament are not contained in a finished product above threshold limits stated below unless the restrictive substance is subject to an exemption provided in the RoHS Directive. Plasidyne Eng. And Mfg., Inc. cannot guarantee that inventory held by distributors or other third parties is RoHS compliant.

REACH

Additionally, Under the REACH Regulation, Plasidyne Eng. And Mfg., Inc. is a contract manufacturer and supplier of “articles” to our customers. We do not manufacture or supply “substances” or “preparations” and our articles do not involve the “intentional release of substances”. Accordingly, we foresee no registration or pre-registration requirement for the products we supply.

Based on communication with our raw material suppliers, we conclude that to the best of our knowledge our products requiring Reach compliance do not contain any of the currently listed SVHC in concentrations of 0.1% or above.

Asbestos

Plasidyne Eng. And Mfg., Inc. certifies that asbestos is not used in the processing of, or contained in, any of its products or packaging materials.

Mercury

Plasidyne Eng. And Mfg., Inc. certifies that Mercury is not used in the process of or contained in any of its products or packaging materials.

Answers to questions regarding Plasidyne’s RoHS, REACH, Asbestos, and Mercury status may be emailed to info@plasidyne.com
